

# FALCONHEAD

## Marlborough Sauvignon Blanc 2014

This wine display a complex aroma of tropical fruits, passion fruit, feijoa and a touch of lime. The palate shows sweet pure fruit flavours balanced by a limey acidity and mineral finish.

#### Winemaking:

The fruit for this wine comes from both our Marlborough vineyards located in the Awatere and Wairau valleys of the Marlborough district. The Awatere is cooler than the Wairau and the fruit reflects this, with the Awatere fruit being tighter and more restrained while the Wairau fruit is more upfront and tropical.

The fruit from both was pressed off skins soon after harvest in Marlborough, with the juice then being transported to Katikati for fermentation. Select yeasts are used, which combined contribute to the aromatic complexity of the wine.

For this wine the best parcels of fruit have been selected, which best represent the quality of the season and the vineyards.

Bottled November 2014

Region: Marlborough

Vintage: 2014

Contains: Sulphites

Produced with milk product. Traces may remain.

Alcohol: 12.5%

Standard Drinks: 7.4

Barcode: 94 2190269 657 2
